#### **About the Foundation**

The Excellence in Education Foundation, Inc., an independent 501c3 not-for-profit organization, raises funds exclusively for the enhancement of the Lynbrook Union Free School District. Your contribution to the Foundation makes it possible for the School District to go beyond the confines of the annual budget and invest in creative faculty, classroom, and student resources. We obtain private funding to support education initiatives that elevate and enhance the quality of instruction and expand learning opportunities for all of our children. We encourage involvement of parents, community members and local businesses in preserving and constantly improving public education in Lynbrook. Contributions to the Foundation benefit all public schools within the district.
